Sir:

Applicant hereby files this response to the third Official Office Action mailed July 2, 2003.

RESPONSE

Applicant thanks the Examiner for his thorough examination. In accordance to said examination results, applicant hereby submits the following format changes to Applicant's previously filed office action response to place the application in condition for allowance. Applicant requests the above identified application be amended as follows:

In the claims, modify claim 1, delete claims 25 through 35, and add claims 36 through 41 as follows:

1. (twice amended) A mechanical toy wherein said toy comprises an automated non-cavitation bubble producing device connected to a non-bubble liquid emitting device, said bubble producing device and said liquid emitting device are adapted to be selectively operated either together or independently of each other and wherein said toy includes at least one container of the following group of containers comprising a container defining an inner cavity and having a funnel
